### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bill Conger on January 30, 2007.

The application has been amended as follows:

In claim 12, please replace the first three lines of claim 12 ending with the word "aerosol" with,

-- A process for reducing the formation of an aerosol during the application of a crosslinkable silicone coating composition --.

The Examiner expressed concern in a telephone interview with Applicant that the language of the preamble was unduly awkward and proposed the above language as a replacement. Applicant indicated that they were amenable to the change and agreed that the Examiner would make the necessary changes as an Examiner's amendment.

The Examiner is in agreement with Applicant's assertions regarding the patentability of the claims over *Clark* and *Inokuchi* and, hence, the rejections over those references are hereby withdrawn. Likewise, the Examiner agrees that the rejections

over *Herzig et al.* are overcome because they have furnished a translation of their priority document thereby perfecting the priority claim.

Applicant has filed terminal disclaimers to address the non-statutory type double patenting rejections over the *Herzig et al.* references.

An updated survey of the prior art did not yield a reference more germane than those of record. Accordingly, claims 12-22 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc S. Zimmer whose telephone number is 571-272-1096. The examiner can normally be reached on Monday-Friday 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
